

# ECCBC's Fall Virtual Provider Forum

The Brazelton Touchpoints Center provides professional and leadership development, organizational learning and change, and research and evaluation for family-facing professionals in pediatrics, early childhood, infant mental health, children's libraries and museums, home visiting, and child welfare. The Brazelton Touchpoints Center is home to the Touchpoints Approach, the Brazelton Institute (the Newborn Behavioral Observation and the Neonatal Behavioral Assessment Scale), Family Connections, and the BTC Research and Evaluation team.

***Through generous funding from our partners in the CCAP office, we are pleased to bring a virtual training from Brazelton Touchpoints Center to Boulder!***

## ***SUPPORTING EVERYONE'S MENTAL HEALTH***

The Early Childhood Council of Boulder County and the Boulder County Child Care Assistance Program (CCAP) are sponsoring a provider forum for CCAP providers and other child care programs that work with low income families who are interested in supporting providers' and families' mental health.

These trainings offer family-facing providers strategies they can use in their work that honor everyone's experiences and nurture self-care.

Two 90-minute sessions will be offered: *Honoring Each Person's Experience to Support Mental Health AND Nurturing the Nurturer: Self-Care for Providers & Parents*
